

Jaquar eyes scaling lighting biz revenue

Bathroom and lighting solutions provider Jaquar Group is targeting to scale its lighting business revenue to ₹1,700 crore in the next three years, according to a senior company official.

The company, which has a portfolio that includes LED, commercial, outdoor, architectural and facade lighting, besides consumer lighting such as bulbs and tube lights, plans to expand its outdoor and landscape portfolio, along with architectural indoor lighting.

“Over the next three years, we aim to scale the lighting business to ₹1,600 crore to ₹1,700 crore in revenue,” Jaquar Group director-Lighting, Ranbir Mehra said. He was responding to a query on the growth prospects of the lighting business of the Jaquar Group.

Jaquar Lighting contributes 8-10% to Jaquar Group's overall revenue, said Mehra.
