INTRODUCING THE NEW STYLISH

RITZ

C O L L E C T I O N

Designer Shower Enclosure Range

Luxury is an attitude, style and symbol. Pursue your unique luxury and find the enhanced way of comfortable living. Enjoy the pleasure of water and sublime the soul with the attitude of Ritz.

Ritz - A luxurious new series of shower enclosures from Jaquar for premium bathrooms. Created with an aesthetic that takes inspiration from the angularity of high-quality glass panels and complements with uniquely designed hardware built for years of unmatched performance. Choose from 9 exclusive options to add a new dimension to your bathroom.

FEATURES

- Special hydrophobic treated tempered glass of 8mm thickness
- Brass with chrome plated hinges
- Adjustable wall profile of stainless steel grade - 304
- Designer handle or towel rod-cum-handle
- Square shaped stabilizer bar with designer connectors
- Specially designed Leak proof damp strip with dual purpose

SPECIALLY TREATED TEMPERED GLASS

The Tempered glass with special hydrophobic treatment on the inner surface repels water, oil, soap and provides a clean and clear glass with nominal effort on maintenance. It prevents bacterial growth, lime-scale build up and water spots on the glass.

SLEEK CONTEMPORARY HARDWARE DESIGN

The beauty of RITZ hardware is hidden in its squarish design and coquettish warmth when the stylish hardware materials match with the exquisite shower room. The enclosures shine out different kind of beauty, redefining the 'beauty' can be 'art of technology'.

Hinges – Sleek and stylish brass hinges very thoughtfully placed at the top and bottom of the enclosure for a clutter-free and aesthetically pleasing appearance.

Wall Profile - Wall profiles of 304-graded stainless steel provides extra stability to the glass of enclosure. It makes the enclosure more stable, more durable and more sturdy.

The enclosure can be adjusted upto 15 mm making the profile complimentary according to the aesthetics of the bathroom.

Connector - Specially designed connectors enriches the overall elegance of the enclosure

Stabilizer Bar - The square-shaped, stainless steel Stabilizer bar provides better stability to the enclosure and the extended placement of the stabilizer makes the enclosure look different from the conventional designs of other enclosures.

Handle – Designer handles increase the richness of Ritz Collections. Apart from its luxurious feel, the width of the handle adds convenience and safety. The option of either handle or handle-cum-towel bar provides more versatility to the designer's imagination.

Damp Strip – A damp strip at the bottom of the door and the plastic wiper, provides extra protection against water leakage, improving the functional benefit of the enclosure. The specially designed damp strip eliminates the requirement of a floor clamp and thus contributes to the clutter-free, elegant look of the enclosure.

It is a perfect solution for almost all the requirements of wall to wall enclosures. The enclosure is highly flexible and gets accommodated where space is a constraint.
